

WELCOME RADIOGRAM MESSAGE REGISTRATION FORM

By completing this form, your basic contact information will be used to send you a “welcome radiogram” via the facilities of *Radio Relay International*, a non-profit organization, which maintains a survivable, International system of radio networks for the purposes of disaster communications.

The radiogram, or “radio-telegram” may be originated from anywhere in the World but will be delivered by a radio amateur near you. This not only exercises the network but gives you the opportunity to meet a radio amateur in your area who can answer questions, provide information about local radio clubs and emergency communications organizations or otherwise assist you as you get started in Amateur Radio.

Your information will remain confidential and will not be distributed or used for advertising or other purposes. Thank you for your assistance and support!
